

PEZULU
TREE HOUSE LODGE

Phezulu is a Zulu word which means high up – and this is where you are. High up in the tree.

exclusive luxury meets the untamed wilderness

Pezulu Tree House Lodge is a small exclusive Game Lodge, situated in the game rich area of Hoedspruit, Limpopo Province, South Africa. With each treehouse built around the canopy of growing trees, our unique accommodation fuses nature and comfort. Built to celebrate its surroundings, the lodge is intentionally small, to keep the experience personal for each guest.

discover the heart of the South African bush

Pezulu is a one-of-a-kind place, with a friendly team who strives to provide unmatched experiences and service to ensure every minute is a memory. The thatched main building of the lodge is interweaved with a large Marula tree. Inside you'll find a cosy lounge, reception, a dining area, a curio shop and a charming bush bar.

Our magnificent rock pool is the place to be if you need to unwind on hot summer days or enjoy a drink as the sun sets over the Drakensberg mountains.

A delicious 3 course dinner is served under the stars around a log fire in our beautiful boma. And if you'd like to celebrate something special, simply ask!

Pezulu is built to celebrate its surroundings. Huge branches pass through the treehouses, so you're able to experience closeness to nature while enjoying the finest luxury. Units are well spaced and orientated to ensure privacy.
