

Fly Namibia Safari

The new FlyNamibia Safari schedule will resume 1st May 2026 and will be seasonal, until 30 November 2026. Our daily shuttle flight operates in a clockwise circuit 7 days a week. The exact departure and arrival times are determined the day prior to the flight, and it will be communicated directly to the lodges, tour operators and transfer companies. A minimum of two people is required per sector.

The departure time from Windhoek will allow passengers flying in with Discover Airlines from Frankfurt in the morning, Airlink from Johannesburg and Cape Town arriving at mid-day, FlyNamibia from Maun and Victoria Falls, and also Ethiopian Airlines from Addis Ababa arriving also mid-day. The departure time will be based on the latest arrival into Windhoek. If all passengers arrive early in Windhoek, or the day prior, an earlier departure time is possible and will be communicated the day prior.

The departure time from Sossusvlei is between 08:30 and 11:00. This means the arrival time in Swakopmund and Twyfelfontein is in time for lunch, and arrival at Etosha will be between 12:30 and 15:30.

The arrival time in Windhoek will be between 16:00 and 17:00, or earlier if required to ensure a connection with various airlines.

It's important to note that no activities should be booked for the day of departure to the next destination, prior to receiving the departure time the day prior.

All destinations remain available on a private charter basis.
